

ALLAH : THE BEST DECEIVER KHAIR UL MAKERIN

Dr. Ali Sina

04/09/2007

www.faithfreedom.org

There is a verse in the Quran that says, “*They deceived and Allah deceived and Allah is the best deceiver.*” (Q. 3:54)

Why an all powerful God [Allah] would want to deceive is something that only Muhammad can think of. Certainly, might and deception are oxymoronic. A God that resorts to deception can't be almighty. *The entire career of Muhammad was filled with deception, lies, manipulations and tricks.* He even licensed his followers to malign him in order to win the trust of their victims and when they lower their guards assassinate them.

I am on vacation staying at a friend's home. I showed him the story of **Mr. Idris Tawfiq** and how this poor man is delusional about Islam, thinking it is “*sweet and gentle*”. Now, one could not have come with a more inappropriate description than this for Islam. I asked Mr. Tawfiq to explain which part of Islam is “*sweet and gentle*”. He refused to respond. Like a good Muslim, he has already learned how to hide his head in the sand and avoid using his brain.

Anyway, I showed my friend the site of the terrorists who, while gloating over Mr. Tawfiq's conversion to Islam, expressed their concern about his lack of understanding of it. My friend suggested we give them a taste of their own medicine and play a prank on the terrorists running that site, posing as fellow terrorists for some fun. Hey, I am in vacation and a little extra fun is always welcome. Furthermore, I thought it is a good opportunity to try to cast some doubt in the minds of some of these hare-brained believers who think that by killing innocent people they will be admitted into paradise for an eternal orgy. What a disgusting thought! I recall reading about a killer who used to mug people and kill them to lavish money and gifts on a stripper whom he had fallen in love with. He destroyed tens of lives for having sex with a hooker. This is what Muhammad is offering his brain-dead followers. What a shameful religion. If

you still call yourself a Muslim, aren't you ashamed? You should be. If you had any dignity and pride, you would be. Kill those who do not believe in me so you can have sex with 72 whores in paradise? Is there any low, lower than this? And you call that fiend a prophet?

Anyway, I thought if I can make even one of these terrorists rethink their faith, I may save tens of lives. They don't have to leave Islam, only if they decide not to blow up innocent people and themselves for a bogus promise of sex, it would be a victory for me. So I joined the heavily controlled discussion board of these terrorists and posted my message, pretending to be a Muslim. To pretend to be a Muslim and confound even the best deceiver Allah, all you have to do is spew hate. The chief terrorist there took the bait and we started to debate.

I am publishing here the entire discussion that took place between him and me. The importance of this discussion is in the fact that you can see two Muslims talking in plain Islamic language. Here no westerners are present and no one is trying to fool anyone about Islam meaning peace and other lies that we are all used to hear. This terrorist and I myself, posing as one, agree on the basic tenets of Islam. See how I define what true Islam means and he does not object. The only thing he disagrees with me is the fact that I insist we should provide logical arguments to defend Islam. Actually, I am trying to interject some new ideas to make them think. He detects that and rejects it vehemently. He is right. **Muslims are not required to prove their religion. They have believed in Islam blindly and they intend to impose it on others by force.** Compare that to the reaction we get from the apologists of Islam who scream their heads accusing me of fabricating lies against Islam. I invite you to read this discussion and see for yourself what goes through the mind of a REAL Muslim. We are lucky that most Muslims are not the real McCoy.

Let me give you a brief introduction.

This criminal Mujahid, who regards himself as the “*purest among Muslims,*” (and I agree) sees no need to prove Islam and to ascertain that the seventh century Arab, for whom he is plotting to kill innocent people, was actually a prophet of God. He rightly says that **Muhammad never bothered to prove his claim. He simply raided and killed people, and imposed his religion on them by the sword.** Consequently, Muslims should do the same. You can't get a more truthful definition of Islam than this and at the same time there is nothing more diabolic than this.

This brain-dead murderer does not want to consider the possibility that Muhammad might have been a liar. Where is the proof that he was a prophet? There is none. Show me the proof and I will shut down this site and will give you \$50 K. On the other hand, I have given hundreds of irrefutable proofs that he was a con man and a charlatan.

Please meet your enemy. He is not alone. There are millions of them. They are consumed with the thought of killing you. These blood thirsty hounds have no brains and as such have abdicated their humanity. They are more ferocious than beasts. Since they are not willing to discuss, there is no hope in saving them. They must be either locked up for good or killed. Mercy to these beasts is cruelty to their innocent victims.

Not all Muslims think like Mujahid, but no Muslim can argue against his Islamic logic. His interpretation of Islam is correct. Mujahid is a true Muslim. His satanic mind is captured by his diabolic prophet.

In this exchange, I used **Zafar** (victory) as my user name.

I very much enjoyed this article. I am glad a Catholic priest has seen the beauty of Islam and has reverted. MashaAllah

Googling the name of brother Idris to read more about him, I found the site of ex-Muslims *faithfreedom.org* and read the invitation that Ali Sina has made of brother Idris to explain why he has reverted to Islam. I am familiar with this site since a year ago. I know this site is not worth our attention but many people read it and if there is no response some youths may think that Islam is, Astakhfurullah defeated.

Ali Sina's criticisms of Islam perturb me. He has managed to mislead many Muslims who at first joined his forum attacking him and now have taken his side and are attacking Islam. I wish brother Idris responds to Ali Sina's charges. These two men have taken opposite paths. A debate between them would be very interesting. This will strengthen the faith in our youths. Even those who are not young can benefit. Because the site is very popular, ignoring him is not a good strategy. He must be silenced decisively. May Allah reward your efforts!

Efforts of Murtideen don't need a "Debate" as a response. They should get what they deserve and what Shariah order us to do with such people. Beheading them. And Inshallah this Pig of Faithfreedom will soon meet this definite fate.

By: **Mujahid** on August 20th, 2007 at 6:23 pm

Assalam-u-Alaikum

Yeah i know about it, may Allah protect Brother Idris Taufiq from this daemon puppet of crusaders.

Indeed these are the people who bought disgrace by giving Hidayah and bought Hellfire by taking this worldly life.

Inshallah this Ali Sina, Salman Rushdie, Tasleema Nasreen all of them their end will be a lesson to the world that what disgrace happened to such people at the end who leave the path of Hidayah.

They can't live longer enough away from our sword sooner or later their heads will be beneath it Inshallah.

By: **Zafar** on August 24th, 2007 at 1:32 pm

Brother Mujahid,

I understand your anger and you have all the rights to be angry with the murtadeen. Inshaallah you can get your hands on them and kill them. However, since they are hiding behind their computers and killing them is not possible at the moment, we have no choice but to silence them in a debate. Ali Sina is offering money to anyone who can prove him wrong and he is promising to remove his site. Perhaps he is bluffing, nonetheless as long as no Muslim scholar accepts his challenge the general impression is that he is the winner. I agree that we should do everything to find him and kill him. This is what the Prophet (saw) said should be done to anyone who leaves the beautiful and peaceful religion of Islam. However by avoiding his questions our scholars give the false impression that Islam has no answers.

Jihad is the duty of every Muslim. However, Jihad is not limited to fighting the disbelievers and killing them, we must also destroy their arguments. I read somewhere the Prophet (saw) said the ink of the scholars is better than the blood of the martyrs. I don't know whether this hadith is true or not. Never saw it myself. Here is where I believe our scholars are failing. Their silence is not good. It only emboldens the enemies of

Islam. Every time we want to make Da'wa, someone throws Ali Sina's challenge at our face. Several uninformed Muslims have tried to rebut his arguments. These rebuttals often are poor and not very strong. We need to convince Islamic scholars to confront this pig and silence him once and for all. I agree that he should be killed but even if we kill him without rubbing his nose to the ground in a debate, he will be still the winner. Everyone will say Muslims killed him because they could not debate him. It is easy to kill someone; we must strive to prove him wrong.

Anyway, since I see your *iman* (faith) is great, I just thought I encourage you to respond to his charges as well so everyone reading them will also have strong *iman*.

Jizaka Allah

By: **Mujahid** on August 25th, 2007 at 11:09 pm

If dogs start barking at you and you ignore them will that put any impression on the people that you are defeated by the dogs????

What do you think of Islamic scholars??? Are they not aware of the situation???

Zakir Naik is always in debates but he never came to debate with this person

Just see the examples in history

There are many Ulemas who did debate with Christian missionaries. Ahmed Deedat (RA) was famous in this regard but can you find any Islamic scholar who answer to the stupidity of Salman Rushdie, Tasleema Nasreen and this pigshit Ali Sina? No of course not

All the Ulemas just give Fatwas that how important it is to kill them.

it is our insult to answer to these pigshits.

You don't have any idea how much i am feeling my insult that this discussion about that pig is going on in my blog. I never raised topic about him here its just came into the comments and so i have to talk about it. But it's really a Muslim insult to answer to these pigs.

I really feel angry on those young Muslims who start debating with this pigshit

It's just like when dogs are barking on you, you start barking on them. it doesn't make any sense

It's necessary to kill the mad dogs like Ali Sina not to start barking on them in response of their barking.

By: **nx84** on August 26th, 2007 at 6:00 am

Like Ali Sina, Salman Rushdie, Tasleema,,,

Same was Abu-Jehl...

Abu-Jehl used to say: "Why didn't Allah made me a Prophet instead"

Can anyone find a logical answer to this ... NO!

(Few days back, I was reading the translation of Qur'an and this Aayah came before me:

"And there are people with many questions in their heads. Wait till Qiyamat, when Allah (swt) will answer ALL their Questions, and make their mouths SHUT".)

So, brothers,,, Allah will answer them.

You don't worry about their arguments.

(Coz, Arguing isn't Fardh on us, but eradicating the Fitna is a Fardh)

[Note how these fools do not realize that the fact that Muhammad shied away from answering questions and warned his foolhardy followers not to ask them is proof that he was a liar. How can the Almighty God demand people to be stupid and blindly believe in absurdities? How then can one distinguish between truth and falsehood?]

Muslims are unable to think like that. Their brains are paralyzed by fear and they dismiss any doubt before it even crosses their minds. They are reduced into zombies, through fear.]

By: **Mujahid** on August 26th, 2007 at 10:33 am

Jazakallah Brother for your explanation

Indeed beheading the Murtideen is the biggest fardh [obligation] of all.

By: **Zafar** on September 1st, 2007 at 5:04 am

Not responding to the charges of ex-Muslims reflects poorly on Islam. I agree that they should be killed. Anyone that disrespects this gentle and peaceful message of God does not deserve to live. However, this does not mean that their accusations should remain unanswered. Many Muslims and reverts are leaving Islam because of the lies of ex-Muslims such as Ali Sina. For how long can we tolerate this situation and ignore them? I live in a non Muslim country. Every time I try to make Da'wa someone says go and respond to Ali Sina's charges first that has proven Islam is false. Truth is that I don't know how to answer him and I fear that my lack of knowledge will be seen as weakness of Islam. I wrote to a couple of scholars, who said what you said, that he should be ignored. If he was not this famous I would have ignored him, but how can you ignore an elephant in a room? This situation is becoming unbearable. Yes

he is a barking dog but the problem is that people listen to his barking and he is misleading many.

It is good that you feel so much anger in your heart. May Allah increase your anger. But you have no idea how much I feel angry when his name is constantly mentioned by people who want to put my religion down. It hurts me more than it hurts you. You live in a Muslim country and have the luxury to ignore him. I don't. A couple of weeks ago two colleagues were talking about Wafa Sultan so loudly so I could hear. They expected a reaction from me and I pretended not listening and ignored them. Nonetheless I felt very angry.

I agree with you. If someone does not know Islam very well he should not make a fool of himself trying to debate. This "pig-shit" as you call him, has learned a few hadith and a few verses from the holy Quran and can easily defeat these novices. I don't understand why these people try to debate him when they themselves know nothing about Islam. If you are not a scholar do not go there. You'll be defeated and Islam will look bad. Just having *iman* is not enough. You must also have good knowledge. Now that these kids have made Islam look bad, it is the duty of the scholars to shut the mouth of that "pig-shit" for good.

I completely agree that beheading is the answer. The question is how. The coward hides behind his computer. In a letter addressed to Dr. Suhail he has offered to surrender himself to Muslims should anyone prove any of his charges against Islam wrong. This is our opportunity to both answer him and kill him at the same time. Do you know of any scholar who might be willing to respond to his allegations?

By: **Mujahid** on September 2nd, 2007 at 12:19 pm

Brother the very first thing you should do is to leave the Non Muslim Country because it seems that you are totally unaware with the Islamic Concept of Al-Wala Wal Bara.

Prophet Muhammad (SAW) said that he who don't leave the land of Kuffar after becoming Muslim is not the part of my Ummah.

During Ghadwah Al-Badr Kuffar binded some Muslims who were living in Makkah with ropes and brought them to the Battle Field.

All those Muslims were got killed by the arrows of Muslims and Muslims become ashamed that they killed their own Brothers

at that time the verse came about this issue saying that

don't be ashamed on killing them, When the angel came to them to take their lives he asked them why you are on the Kuffar side of battlefield when you are a Muslim

those Muslims said we didn't have any choice.

The angel answered that wasn't the land of Allah enough for you to migrate from the land of Kuffar ??

Allah send them to hell for this.

so brother the Imaan of a Muslim is always in danger when he is living in the land of Kuffar these things are pretty much normal in those lands you can't stop it.

and about those people who became apostate due to this Ali Sina then those people already had disease in their hearts, firstly due to their weaker Imaan and secondly and more strongly due to living in the lands of Kuffar.

you said *"In a letter addressed to Dr. Suhail he has offered to surrender himself to Muslims should anyone prove any of his charge against Islam wrong."*

do you really thing he's gonna do that???

do you really think an apostate can stand on his words???

a person who left the truth after finding it what good you can expect from him???

I certainly don't know any Alim who is willing to answer this fool and I still insist if any Alim will agree to do so that will be mere foolishness and nothing else.

you are not getting the point, arguing with them is not gonna stop them what we are already doing is gonna stop them.

It doesn't matter that we can't access this person right now but we are fighting with the source, these Super Powers of Kuffar. When we'll destroy them and Allah is the witness that time is very near these things will also vanished.

Qital with Kuffar, Apostates and Hypocrites is Fardh-e-Ayen today on every single Muslim men and women so they must join it and come to the Jihad fields instead of arguing with these puppets.

That's what actually Islam demand from us.

download and read the books

A Call to Migrate From the Lands of Kuffar to The Lands of Muslims

Al Walaa wal Baraa - According to the 'Aqeeda of the Salaf they will be helpful

By: **Zafar** on September 2nd, 2007 at 6:49 pm

Assalamu aliakum Brother Mujahid:

May Allah reward you. Thank you for publishing my message and responding to it. You talk nice, but the reality is not as simple. Yes I am familiar with what you say about Muslims

killing other Muslims who did not immigrate and that Allah sent a revelation approving their action. Allah (swt) says: *“If they turn back (to enmity) then take them and kill them wherever you find them, and choose neither friend nor helper from among them.”* (Q.4:89)

This is about Muslims who go back to the unbelievers and associate with their non-Muslim family and friends. So it is true that Muslims are instructed to kill those Muslims who do not abdicate their families and stay with them continuing to associate with them, whereas association with non-Muslims has been prohibited by Allah (swt).

“O you who believe! Take not my enemies and yours as friends (or protectors), - offering them (your) love, even though they have rejected the Truth that has come to you.” (Q. 60:1)

However, do not forget that our prophet (saw) send the early believers to Abyssinia. Was Abyssinia a Muslim land? No. It was a Christian land.

There are several ways to make jihad. Giving from our wealth to support the Mujahedin is one way. Here in the west Muslims can make more money. We use the infidels' own money to fight them. We are also gradually increasing in numbers. *Alhamdu-llillah* Muslim families make three times more children than the non-Muslims and if this trend continues, before the end of this century *inshaallah* we take over the Europe by our sheer number. This is jihad. I call it “bed jihad.” Muslims also marry non-Muslim girls and either convert them or make their children Muslims. In this way the non-Muslims have less chance to procreate while we increase our numbers. *masha Allah*.

Don't you agree that what our heroic brothers did in New York, London and Madrid was great? This kind of jihad is possible only if we penetrate into non Muslim countries. Only by living among them we have the opportunity to stab them in the

back and *inshaallah* destroy them. Can you do this while living in Pakistan? No!

We are not here to integrate with the *kuffar* or take them as allies and protectors. If we swear to their flags our hearts is strong and inwardly we hate them. This is only *taqiyya* in order to deceive them. Do not look down at us for living in the West. Our alliance with the infidels is only strategic. Remember that our Prophet (saw) signed a treaty (in Hudaibiya) with the Meccans to cease hostility against them for ten year. This allowed the Muslims to raid other towns such as Khaibar and become strong. After two years Allah (swt) sent the Sura Bar'a ordering the Prophet to break his treaty and raid the Meccans. The Prophet (saw) said. War is deception. In the Quran Allah (swt) said *wallahu khairul makerin*. If Muslims leave the non-Muslim countries, who will wage Jihad against the infidels? Did you see what they did to our brothers in Afghanistan and in Iraq? We cannot stand their military might. Actually, in these two wars they were careful not to kill the civilians and that is why the wars lasted a few days. If they don't care about the civilians, they can send any country to Stone Age in just a few hours.

Now let us talk about the "pig-shit" Ali Sina. You say ignore him. It is easier said than done. A couple of days ago a good friend of mine whom I know for years came to me with silly questions about the holy Prophet (saw). I asked him where he has got them and he told me from the site of that "pigshit". I was angry and told him he should not read that stupid site and recited to him the verses 101-102 in Sura Maeda.

"(5.101) O you who believe! do not put questions about things which if declared to you may trouble you, and if you question about them when the Quran is being revealed, they shall be declared to you; Allah pardons this, and Allah is Forgiving, Forbearing. (5.102) A people before you indeed asked such questions, and then became disbelievers on account of them."

He asked if Islam is from God, the more you ask about it the more your faith should grow. If the answers to some questions make you lose your faith, then Islam must be a lie. I told him we Muslims should not take the morality of the west as our standard and we do not follow the Golden Rule. The person who sets the standard is the messenger not the westerners and left him angrily. All these stupid arguments that this “pigshit” has put forward are being circulated throughout the Internet. Many Muslims with strong faith will ignore him but there are also many, particularly the youths who want to know the correct answer. I think our *ulama* have a duty to respond to such accusations. Their silence only gives the impression that he is right. He should be ignored like a barking dog but our youths should be informed of the correct answers. It is not easy to tell them have faith when we have failed to answer the accusations made against our holy prophet (saw). When they leave faith, it is not their fault, it is our fault.

You say that once proven wrong he is not going to present himself to be killed. You may be right. But that is not the point. The point is to discredit him publicly. Once he is discredited, then let Allah burn him in hell, *inshaallah*. My concern is to save Islam. You say that only people with weak faith will leave Islam. This is not true. Even people with strong faith have started to doubt and question Islam. Many people are leaving Islam. This is reported in Radio Islam.

You say Muslims should leave the non-Muslim land. Will this end the problem? Of course not! He and his ilk will continue slandering our beautiful and peaceful religion and shamelessly maligning our holy prophet (saw). Unless he is silenced people will continue leaving Islam. Not only he has poisoned the minds of non-Muslims against Islam, even Muslims who until recently were strong in their faith have started vacillating.

Jizaka Allah. Please continue guiding people to the right path and *inshaallah* we will be victorious soon, putting the enemies of Islam to shame.

Zafar

[I must add that I am pleased to hear some of the jihadis are encouraging Muslims to leave the non-Muslim countries. Unfortunately, not many of them think like that. I believe this booklet that Mujahid is suggesting should be printed and distributed among all the Muslims. They are no threat to us if they live in their own Islamic countries. There, they will tear each other apart and we don't have to worry about them. Hopefully one day. When they have had enough of it, they will come to their senses and realize it is Islam that has reduced them into beasts. Then they will leave this cult of death. This is what happened in Iran. Do you see any Iranian terrorist? Very few! But remember that the Iranians were the ones who started it all. So why are they no longer terrorists? It is because they learned their lesson the hard way. Other Muslims have to learn theirs too in the same way. I give you my word that, in less than five years after the mullahs are removed from power and freedom of press is established in Iran, Iran will be the first Islamic country to eschew this cult.]

By: **Mujahid** on September 3rd, 2007 at 4:07 am

@Zafar

brother if you read the books i mention earlier, then you will not going to say so.

After the Laws of Islam completed Prophet Muhammad (SAW) never sent anyone to the Kuffar land for Da'awah.

Not even before Prophet sent anyone to make Da'awah to common people

Even in the Makki period When Prophet himself went to different tribes, He didn't spread Da'awah to common people but to the rulers only.

and That's exactly the way of Da'awah is, first send invitation to the rulers, if they don't agree on it then attack on them and remove that man made government and when the people of that land come under Khilafah then spread da'awah among those Dhimmis.

There is not a single incident in Islamic history During Prophet Muhammad (SAW) period or Companions of Prophet (SAW) period that Muslims ever spread da'awah in the land of Kuffar in common people

and as you said that there are many ways of doing Jihad and one can earn more living in west etc etc

then I think you are unaware with the Ghazwa Tabook

on Ghazwa Tabook Muslims were called for Jihad and every one left but just 5 Companions of Prophet didn't left.

these were the companions who never become absent from any of the Previous battles but due to one reason or another they didn't participate in this one

You know what happened to them.

Prophet Muhammad (SAW) announced 50 days social boycott of them and even their wives were not allowed to live with them

Muslims were not allowed to even Saying Salam to them or even replying to their Salam

Saying Salam and replying to the Salam is something very far Muslims were not even allowed to even look at them.

For 50 Days they were dead for Muslims just because they didn't participate with sword in Jihad

your this statement that one can earn more while living in west and blah-blah really disappoint me i wasn't expecting that much of a silly statement from you.

It's better if you read a little more of Shariah and the books i mentioned earlier, I'll try to load those books on my site too soon Inshallah.

By: **Zafar** on September 3rd, 2007 at 12:47 pm

Br. Mujahid,

I agree with your explanation that the Prophet (saw) never argued with the average people trying to give them logical arguments. He issued warnings to their leaders to submit and if they did not he raided their cities and then demanded everyone to convert or he killed them and sent them to hell. This was what happened in those days. But do you think it is possible to do the same today? Are you sure we can issue an invitation to the president of the USA to convert and if he does not, attack America and force everyone into Islam? I don't see that very realistic at this moment. Maybe *inshallah* one day the Umma will become strong enough to humiliate the *kufaar*, but as things are now, Muslims are the ones who are humiliated and dejected.

Assuming the president of a country converts to Islam. Will the rest of the citizens also follow? In the past everyone did what their rulers told them to do. These days the rulers do what people tell them to do, and if they don't they will be booted out of the office. I don't think if we manage to convert the president of a country the entire nation will follow suit.

There are two ways to deal with this situation, either through *qital* (fighting) or through reasoning. The *qital* option must only be exercised when the Umma is strong.

Dr. Sobhy as-Saleh, quotes Imam Suyuti the author of *Itqan Fi Ulum al- Quran* who wrote: "*The command to fight the*

infidels was delayed until the Muslims become strong, but when they were weak they were commanded to endure and be patient.” [Sobhy as Saleh, Mabaheth Fi ‘Uloom al- Qur’an, Dar al-‘Ilm Lel-Malayeen, Beirut, 1983, p. 269]

Today the Umma is weak. So, we must either postpone the *qital* and wait until the Umma becomes strong or make *Da’wa* through reasoning. I agree that this second venue has never been used in the past and it is not Sunna. The holy prophet never sat down with anyone to reason with them. They had to submit or face *qital*. But can we do the same today?

I read in the news that some of the Korean hostages taken by our brothers in Afghanistan were severely beaten when they refused to convert to Islam. Do you agree with that? I think it reflects poorly on Islam. Assuming these hostages convert under duress and torture, will they remain Muslims when they return to their countries?

There are things that are Sunna but this does not mean we can practice them today. At the time of the Prophet there were no guns. Can we make jihad with swords because this was the Sunna? Of course we must adapt to the changing world and the changing world requires that we use reason as a means to defeat the enemies of Islam. If we don’t use reason, we will not only fail to attract anyone to convert, we are going to lose many Muslims as well. You can pooh-pooh them and say they were weak in their faith or had a sickness in their heart, blah, blah. However, the bottom line is that people are leaving Islam in large numbers. *This link* reports that nearly one million Iranians have turned to Christianity in recent years and this despite the persecution. There are perhaps more who have reverted to Zoroastrianism and even more who have become secular humanists.

The Internet site aljazeera.net published an interview with Sheikh Ahmad Al Qatani who said: “*In every hour, 667 Muslims*

convert to Christianity. Every day, 16,000 Muslims convert to Christianity. Ever year, 6 million Muslims convert to Christianity.”

It is not all because of Ali Sina and his lies, but because Muslim scholars have failed to recognize the importance of reason and dialogue. If our scholars shy from dialogue, how can we prove that Islam is a true religion of God? Any gangster can put a gun to your head and say do as I tell you. This does not make him right. When the holy Prophet forced people to convert it was a different time. Now we can't do that anymore. Like the case of the Taliban trying to force their Korean hostages to convert, we look silly and stupid. These are the things that damage the image of Islam not the lies of Ali Sina and his ilk.

Anyway, this is my opinion. Allah knows best.

Ma'a Salam

By: **Mujahid** on September 3rd, 2007 at 12:58 pm

Zafar,

I don't think their left much to discuss with you after your statement that its not necessary to act upon Sunnah.

by saying so you just draw the line of extreme ignorance

The Ignorance of the Learned People

there are two type of ignorance

one that someone is ignorant of his history and Sunnah of Prophet (SAW) and His Companions (RA)

Second is that Someone do know the History and Sunnah of Prophet (SAW) and His Companions (RA) and don't feel that following each and every step of them is necessary

well the second one is the height of ignorance

One can teach the person ignorant of his history and Sunnah
but no one can teach the extreme ignorance of learned people.

It's just like they believe their act and their thinking is better
then what Allah orders in Quran what Prophet Practiced and
Ordered and what Companions of Prophet (RA) practiced.

You realllllly need to learn a bit more of Islam otherwise you
are not very much away from the thinkings of those apostates.

Ignorance of the True Teachings and Wisdom of it and just
having the surface level knowledge and with this arguing with
someone about Islam always lead to confusion and mislead the
person towards Irtadad

so be careful about that and first try to learn a bit more of
Islam then come to argue Follow the path of the Purest Among
Muslims not your own defined path and just for a hint about who
are the Purest Among Muslims you should read *this article* it will
help if you have a bit of wisdom.

May Allah show you the most righteous path.

Ma'a Salamah

By: **Zafar** on September 3rd, 2007 at 2:33 pm

Br. Mujahid,

You think I am saying that it is not necessary to follow the
Sunna. I think you misunderstand me. That is not what I said. I
said we must advance with time. We use AK47 and explosives in
our fight against the disbelievers. Is this Sunna? Why don't we
just content ourselves with swords? The prophet (saw) and his
companions (ra) only used swords. Why do we drive cars and fly
jets? Why we have fridges in our homes and why we use the
Internet to communicate? Are these Sunna?

Let us be honest. The world is changing and we are adapting to it. This does not mean we are putting aside the Sunna. The Umma is only selective. That is the problem.

You say if one with little knowledge argues about Islam it always leads to confusion and misleads the person towards Irtadad. Didn't I say the same thing in one of my first message? Didn't I say those who know little about Islam should stay away from the site of the kuffar and not argue with them because their ignorance make Islam look bad?

The point that I tried to make and you missed is that we have no choice but to discuss our faith with our enemies and our critics. In the time of the holy Prophet and the khulafa, Muslims had the luxury to have the upper hand. The unbelievers were first reduced to dhimmis and after they were defeated and humiliated they had no courage to question Islam and Islam was imposed on them by force. Today this is not possible. The Umma is weak and it is becoming weaker. Look how Muslims are killing one another in Iraq, Pakistan, Palestine, Sudan, Iran and elsewhere. If you think that we can launch a Jihad against the west and subdue them and then force everyone into conversion you are not being realistic. With the state of the Umma today this is impossible. We have no other option but to engage in dialogue. Show me where it says dialogue is haram?

I can give you more links showing how people are leaving Islam by millions in the once Muslim countries of the old Soviet Union and in Europe. Why Muslims are leaving Islam? You and I know that Islam is true. But the reason these people are leaving is because they think it is not. How are we going to convince them that they are wrong? We can't kill all these people although that is the law. So that option is out of question. It's not possible to carry it out. How else can we keep them in Islam? Do you have an idea that works? In my opinion we must start engaging in dialogue. If Islam is true what are we afraid of?

You say through dialogue people start doubting their faith. Why? I can't believe you say such thing. Are you implying that *astakhfurullah* Islam is a lie and once probed it cannot stand the test of reason? May Allah forgive you. Islam is true. However, there are people who can't see this. In the past we could force these people to convert with the sword. Today we can't do that. It is not that we don't want to do it. We just can't. So what option we have except entering in dialogue? That is why I say our scholars must start answering the false accusations made against Islam and our Prophet (saw). These accusations are serious. If we leave them unanswered everyone will think that they are true. Because the scholars have not responded to these charges, the enemies of Islam have become emboldened. I am talking with many Muslims and I can see that doubt is creeping into the minds of many. The question asked is: Can Islam defend itself logically or it cannot? If it can't then it is a lie and if it can then why Muslims are silent? Why they shy away from dialogue when they are so courageous when it comes to *qital* and killing? This is how animals behave. They do not reason but they fight. These questions need to be answered. Maybe they are not important to you and to me but they are obviously important to those who are leaving Islam.

You sent me a link to read about the *Purest among Muslims*. I read that. I do not disagree with that. But I did not see the relevance of that in our discussion. In your previous message, you narrated the story of Abdullah ibn Ka'b the poet of Medina who did not participate in the Battle of Tabuk and the Prophet ordered everyone to shun him and not to talk to him for 50 days. Unfortunately I did not grasp the point that you were trying to make.

The point I am trying to make is simple.

Dialogue and reasoning are not Sunna but they are not forbidden either. Since we do a lot of things (like use AK47

instead of sword) that are not sunna we must also find a more effective way to defend Islam and today the only effective way is through dialogue. This does not mean we should put aside the *qital*. However, we must fight only when we are strong and today the Umma is not strong.

Millions of Muslims are leaving Islam. We must do something soon or Ali Sina's prediction will come true and Islam will be defeated.

If Islam is true, then the scholars must be able to refute all the charges against it. If they fail to do so, everyone will think that Islam has failed.

The True Path,

The True Solution was Qital at that time Is Qital today and Will be Qital forever no matter how much the time will change.

it's pretty stupid example saying that now we use ak47 at that time sword

the technology of weapon changed but it remain weapon.

that was pretty much silly comparison.

My point is clear in the last post and still the Path of Prophet (SAW) and His Companions (RA) is the only right Path, They never indulge themselves in such discussions neither in Da'awah with common people.

There path was Jihad and so is the Path of True Momineen Today

the article was not irrelevant

The thing is the purest ones today are on the way of Qitaal with Kuffar only

and those who are not doing so and giving lame excuses for living in the Kuffar land and calling it for the purpose of Da'awah are creating their own ways not the Islamic ways.

It's nothing else but the disease of Wahn Prophet Muhammad (SAW) Mentioned.

The Love of Life and Hate for Death.

This is the Disease of Wahan which keep such people away from Qitaal and so they make lame excuses of sitting behind.

My Point was always clear, The only way towards success is the way on which Prophet and Sahaba walked and that was the Way of Qital only.

Those who are on this path are the purest ones and those who are making excuse from coming to this path are creating their own ways other than Islam

That's the point and this discussion is over here. Nothing left in this topic.

Br. Mujahid, here I am sitting with my friend who is also a Muslim. What I am writing are mostly his questions and I do not disagree.

Your position is that there is no need to explain anything to anyone and that the Prophet (saw) did not do it either. You say, the only way to expand Islam is through *qital*. i.e. waging war against the unbelievers and killing those who do not submit at once. That is fair. This is how Islam expanded and that is how it should be. Nonetheless, we both know that at this moment there is no way for Umma to wage a war against the Kuffar and win it.

We are a divided house and we will lose on every front. How ironic that the people in Qaza are begging Israel to occupy the Qaza again and restore peace. Do you expect this Umma win in any war? Will you explain how do you suggest doing it? You call yourself a mujahid, so you should know.

The next question is even more important. If Islam is from God, why do you insist not to show its truth to others in a logical way? If something is true, it should be also easy to prove it logically. If you can't prove it logically then it is not true. So if you can't prove Islam logically, why do you want to kill for it? Do you see the inconsistency of your argument?

Let us say you and I argue about a mathematical truth. You say that two plus two is four and I insist that it is five. You ask for proof and I pull out my gun, point it at your head and say, this is the proof. You are then forced to agree. So now we both agree on something that is false. Truth cannot be imposed by the sword or by the gun. If something is true, one must be able to prove it logically. How can God send a message without any proof? There have been many impostors who have claimed to have come from God and some of them have used force and violence to make others believe in their lies. Should we believe them and not ask for proof? Wouldn't that be foolish?

This approach is wrong. That is why Muslims are leaving Islam in such a large numbers. The scholars must wake up and realize that they have a duty towards the Umma and Islam. They must accept the challenge of the kuffar and prove them wrong. Their silence is interpreted as the failure of Islam. This is more detrimental to our deen than anything the kuffar can do or say.

You say this discussion is over. What does that mean? Does it mean that you cannot respond to my questions logically? Does it mean that you are going to delete my messages? You can, but if you do that, I will post all this discussion elsewhere where it will blow your mind and millions be able to read it.

You have a site inviting Muslims to do *qital* and kill people. Fine! I have no disagreement with that. This is the Sunna and the law of Allah (swt) and there is nothing we can do about it. If you are a Muslim you must fight and kill those who disbelieve or you are a hypocrite and fuel for fire. Do not think I am soft on the hypocrite Muslims. I despise these fools who on one hand claim to be Muslims and on the other hand arrange “interfaith conferences” with the members of other faiths. I want to expose these stupid Muslims and show what hypocrite liars they are. I do not have any argument with your definition of the Purest among Muslims. If you are a Muslim you must hate the non-Muslims and you must be prepared to fight them and kill them and have no mercy for the infidels. I am not arguing about the injunction of *qital* and fighting. Allah (swt) has said:

“Fighting is prescribed for you, and you dislike it. But it is possible that you dislike a thing which is good for you, and that you love a thing, which is bad for you. But Allâh knows, and you know not”. (Q. 2:216)

The point I have been trying to make, and apparently in vain, is that if you don’t have any logical argument to back your claim and prove Islam. Why should anyone believe in Islam? If all we can do is use violence and threat, then anyone can do that and impose his will on others. This is not how you reach the truth. Our *ulama* must come up with logical arguments, or as the enemy of Allah Ali Sina (may he burn in hell) says, the end of Islam is near. He even has given a date and has said within the next 25 years Islam will be eradicated. This is already happening. We are seeing how Muslims are leaving Islam everywhere and the culprits are the *ulama* who hide their heads in the sand and do not face the enemies of Islam to respond to their false accusations. You are doing exactly the same.

You sign off your messages by saying “*May Allah show you the right path.*” Why don’t you ask Allah to show YOU the right

path? Who said you have found the right path and I haven't? You think all it takes to make Islam dominant is fight and kill the non Muslims and that there is no need to prove its truth. Well, I am sorry but this is foolish. I live among the non-Muslims. They are tolerant but this tolerance will come to end once they see that Muslims want to shove their religion down their throat with force and without even trying to prove its validity. Then they will squish us like cockroaches and not even Allah can help us.

So my brother, come to your senses and start proving Islam logically. If you can't defeat the *kuffar* logically, you can rest assured that you can't defeat them militarily. If you don't know the answer to the questions raised go and ask. That is what I am doing. Go to all the *ulama*, if necessary, and tell them that it is their duty to stand against the *kufr* (disbelief) and prove the *kuffar* (disbelievers) wrong. If no one can do that, then maybe you should postpone your *qital* just in case we are on the wrong side. You don't want to kill innocent people for a lie, do you?

If you think all you need is to do *qital* and you will be victorious, you are delusional. Why anyone should believe in our *deen* (religion) if we can't prove its validity logically? Please answer this question if you can.

Ma'a Salam

This coward is afraid of words. He is sitting in his rat hole encouraging other fools to become terrorists while he himself, like a vampire who is afraid of light is frightened by mere words.

I publish this discussion so you can peer into the soul of the enemy and see the depth of his depravity, his evilness and his complete lack of conscience. Like a programmed robot, all he knows is that his function in this world is to kill. He is not willing to discuss and question his actions or his belief. What distinguishes humans from animals is our rational faculty. True Muslims have lost that faculty. They are filled with hatred of

mankind for no reason other than because their psychopath prophet told them they should. They are unable to distinguish right from wrong and unwilling to discuss or question the validity of their belief. Do not assume that this depravity of mind and conscience is limited to Jihadis. **Idris Tawfiq**, the British Catholic priest who converted to Islam and is now trying to portray that doctrine of hate as "*sweet and gentle*", is just as averse to discussion as this brain dead beast is. Few Muslims would agree to discuss their religion. That is why I have such a high esteem for people like Mr. Ghamidi and his disciple Dr. Zaheer. They are gems and they deserve our respect. The majority of Muslims know only one thing and that is Muhammad killed innocent people and therefore they should do the same. There is no spark of humanity left in them. They are reduced to ferocious and dangerous animals (with my sincere apology to animals). It is the sacred duty of every decent human to get rid of Islam. People like Mujahid should be killed with no mercy. Those criminals in Guantanamo Bay should have been executed. They were let go and many of them rejoined jihad. As a recruiter of terrorists, this animal has the blood of many innocent people on his filthy hands. But the ignorant Muslims have to be rescued before they too lose their humanity to Islam. Islam is Devil's instrument to destroy mankind. There is no cause as sacred as fighting against this evil.

Ali Sina

Part 2

2007/09/06

*[After realizing that **Zafar** was none but **Ali Sina** (the enemy of Satan Allah and his pervert pedophile preposterous psychopath prophet pretender), the head terrorist of the site where I had tried to open some minds could not resist remaining silent and wrote the following comment.]*

It's funny that this Murtid came here by hiding with the name of Zafar

I became suspicious about him when He said that Muslims at that time enforced Islam by wagging war but it's not possible now. Any Muslim specially a Muslim who is promoting Da'awah before Jihad can't say such thing.

Even Mujahideen only says that Sword was used only to erase the Man Made Systems and oppressing Rulers so that the common people become free to understand Islam by experiencing its system by living in that system.

he said in his recent article www.faithfreedom.org/debates/zafar.htm

“This coward is afraid of words. He is sitting in his rat hole encouraging other fools to become terrorists while he himself, like a vampire who is afraid of light is frightened by mere words”.

how funny

a person who never showed up publically and actually himself a cyber vampire calling us vampire.

a Person who know that he has all the support of Kuffars with him, all the lands of Kuffar are welcoming him but still he only speak on the internet on his site

on the other hand his allies are sniffing everywhere to find out the people behind internet supporting and promoting Jihad banning their sites and sending them behind jails but still we are here speaking the truth never afraid of their pigs

and he is calling me coward??

lolzz

This person actually think that he revealed some hidden thing from me which i was hiding before

but how silly he is that my whole blog is about whatever i said to him.

my whole blog is saying that Qital of Kuffar, Murtideen and Munafiqeen is the only solution.

The True system for the benefit of mankind can only established by removing these manmade systems and that can only be possible through Qital.

The fact speaks for itself. Those who are on the right path don't make fun of the things don't abuse personalities

Harsh and bitter words show the weak cause.

And that's exactly what can be seen from his behavior.

He tried a lot that Muslim Ulemas give him some importance to make debate with him, challenging them and doing all sort of things but no one give him this honor, with frustration he started making fun of the things.

Finding no other to make fun with he came to my blog to make fun of me.

How silly he is that by making fun of the things he is actually proving the weakness of his cause, claiming to be very knowledgeable and an icon or something and running here and there in the ordinary blogs like me to make fun of things.

Indeed through the Verses of Quran some who have conscience see the right path and some like him lost in the world

But I must admit I feel humiliated and insulted that this thing got the chance and honor to come to this blog and post by hiding himself and even He got the honor that I sacrifice a whole post to discuss about his filth, He don't actually deserve it.

Okay Mr. Terrorist, now that you have taken the time to defend yourself with words, you have come to my turf. We all know you are good in killing and shedding innocent blood. Now let us see how good you are in reasoning.

Killing is the expertise of animals and reasoning is the skill of humans. Any ferocious beast can kill. That is what they do for living. What distinguishes humans from animals is their rational faculty. Animals are not endowed with rational faculty. They can't win through logics. They have no understanding of it. All they know is force and violence. As far as animals are concerned, might is right. Humans are the only species that have developed rational faculty. They use reason to distinguish right from wrong and win over their opponents. Animals use violence or as you call it *qital*.

By insisting that Muhammad only used *qital* to establish his hegemony, you are admitting that Muhammad was no better than an animal. Many Muslims love to lie and claim that the wars of Muhammad were "defensive". You tell the truth and do not realize how evil your demonic religion looks. These confessions are worth a goldmine to me and to our cause.

I gave the example of me pointing a gun at your head demanding to accept my wrong point of view. If you want to live, you have no choice but to agree with me, at least outwardly, even though inwardly you don't. In this way the disagreement disappears and "peace" is restored (the Islamic way). But is what we believe true? Certainly not! Truth cannot be established by force. It must be established through reasoning. Therefore, it is clear that the use of force to impose one's belief is foolish and animalistic. It is stupid to think that an all wise and omniscient God would resort to violence and *qital*, the animal way, to impose the truth. If something is true, one must be able to prove it logically. If it cannot be proven logically, it is false. This applies to every proposition. How can suddenly, when it comes to religion, God expects us to put aside our reasoning and believe in things that appear stupid, evil and false? Would a real God send a messenger to raid innocent people in the middle of the night, torture them and kill them and then rape their wives? Aren't these actions diabolic? How can a real God do something

so abhorrent and then expect us to believe in that messenger with no proof?

You wrote: *"Harsh and bitter words show the weak cause."* Really? And what about violence and qital? Doesn't qital show weakness of the cause?

Humans are endowed with reason. Isn't it God who gave us reason? If a religion is from God, it cannot go against reason. The rays of sun are parallel. Why? It is because they emanate from the same source. They never cross each other. If both religion and reason are from God, they should not cross each other either. If they do, it means that they come from different sources. Since reason cannot be from any other source but God, if a religion contradicts reason, that religion is false.

In his message, the member of your forum ***nx84*** wrote: *"He thinks Allah is (Naozubillah) some normal-day Buddy, who is bound to explain each and everything for his non-ending blather."*

If God does not have to explain his actions and act irrationally, how can we know he is God? There have been many false pretenders claiming to be messengers of God. Like Muhammad, they have threatened people that if they don't believe, God will punish them. Should we believe them? What kind of God would send a message to humans with no proof whatsoever? It is foolish to believe in anyone without evidence. There are many loonies who have made such claim and there has not been dearth of fools who have believed in them and even have given their lives for them. Read the story of cults. Cultists commit murder and suicide for their beliefs. They have faith, but is their faith true?

A real God would never play pranks with humans. A real God is not a deceiver. God is almighty and all-powerful. If you are all powerful, you don't deceive. You resort to deception when you have no power. I deceived you people coming to your site

pretending to be a fellow terrorist. Why I did that? It is because in your site I have no power and no rights. You do not allow freedom of speech and my messages will be deleted as soon as I post them. So to make my message reach your deaf ears, I had to deceive you. I had to lie in order to be read. If I had the right to say whatever I want freely, there was no need for me to deceive. Anyone can come to our forum and say whatever they want and they will not be censored. So why should anyone try to deceive us when they can say anything freely? It is powerlessness that forces people to resort to deception.

Why would an almighty God need to deceive his creatures? It makes no sense. The verse 3:54 in the Quran is a giveaway. It shows that Allah is not God. It is not godly for God to deceive his own creatures. He is powerful and his creatures are helpless in front of him. Why a powerful being would need to deceive his helpless creatures? What would you say of the mental state of a parent who deceives his children? Muhammad attributes the qualities of Satan, who is a deceiver, to God. It is because he was the messenger of Satan and not of God. God is the best in all virtues and not in all the vices. You can't say God is the best liar, the best cheater, the best thief, the best murderer, the best con artist, the best idiot or the best deceiver. The verse 3:54 is blasphemy and anyone who truly believes in God must denounce the Quran and Muhammad for that verse alone. In fact, the entire Quran is full of blasphemy.

The problem with Muslims is that they have accepted a false premise and then upon that false premise they have erected their religion. To a deluded person, things seem alright, but one with a little insight can see all the fallacies of Islam. Islam is based on a fallacious foundation. Allah is not God and Muhammad is not a prophet of God. I have proven this and no one has been or will be able to disprove me.

Nx84 brings the example of Abraham who was asked to sacrifice his son to prove his faith. The story of Abraham is fairytale. It is stupid to take that fable as the bases of our faith and say since God asked Abraham something so horrendous and evil, then we should follow any evil thing to prove our faith. This is trying to prove one fallacy on the authority of another fallacy. A few years ago in America, a woman murdered her three children. She told police that God told her to kill them. Do you think God asked her to kill her children? That woman was insane. Her husband testified that she was an overly zealot religious person and a loving mother. She was taken to mental hospital. Abraham was also a loony. It is foolish to take that fool as our standard and regard his hallucinations as messages from God. Just because our ignorant ancestors believed in a lie, we must not hold on to it also. Today psychiatrists can explain and name the mental sicknesses of many of the so called prophets such as Abraham, Moses, Ezekiel, Daniel, disciple Paul, Muhammad, Joseph Smith, Bab, Hellen Schuckman, etc. I have talked about their sickness in my book "*Understanding Muhammad*". It is foolish for us who are living in this day of science and enlightenment to follow a bunch of loonies.

As rational beings we must use our brains. Is there any evidence to the claims of Muhammad or other so called prophets? There is none. Would a wise God send messengers with no evidence at all and then punish those who do not believe? Wouldn't that make God unjust and a sadist?

Let us say you drive in a highway and someone waves and tries to stop you. If he is wearing a police uniform you have to stop. But what if he is not? Would you stop? What if he is a highway robber? Would a real police try to stop you with civilian clothing? If you don't stop can any court of law find you guilty? Of course not! Real cops must identify themselves with their uniform and badge. Otherwise you cannot be charged for disregarding their orders. We have thousands of charlatans and

madmen claiming to be prophets. How do we know which one is telling the truth and which one is an imposter? God, the real God not Allah, gave us a brain and he expects us to use it to find the right path. We should not abandon our reason and believe in a conman that has no proof for his claim just because he threatens us.

Now, imagine you stop at the order of this man in civilian clothing and he tells you he is the official of the law and you foolishly believe without asking for his credentials. Then he orders you to do things that are against the law, such as kill someone, steal their property and rape their wives. Would you do what he says? Now, not only you are a fool for believing in this conman you are also guilty for doing what he says. No court of law can forgive you for your crimes because you have been deluded by a conman.

Where is the proof of Muhammad's claim? Where is the proof that his Allah is the real God? Believing in him is stupid, but no one will punish you for being a fool. However, if you start killing innocent people because he said you should, then you are guilty. Not only you must be hunted down and brought to justice but if there is an afterlife you will burn in hell for your crimes. No real God would punish humans for foolishness. I don't think Muslims or the followers of any religion will be punished for what they believe even if they believe is lies. After all, God knows that we are ignorant and overlooks our mistakes.

Will you punish a two year child if he kicks you or makes rude faces? Of course not! You would be insane if you do. You would hug him, kiss him and tell him he should not behave in this way. You won't get offended by a child and would not burn him for what he does to you. Isn't the difference between you and God infinitely bigger than the difference between you and the child? So how can an infinitely great God become offended by us insignificant humans and punish us in such a sadistic way

that Muhammad has described, for eternity? This description belittles God. Muhammad's god is a despot like Saddam Hussein, who liked to be praised and was offended by those who disrespected him and punished them. Attributing these insanities to God is blasphemy. Muhammad was a blasphemer not a prophet of God.

God will forgive your ignorance. What he won't forgive is your crimes. If you kill other humans then you won't be forgiven because forgiving you would be injustice to your victims. Muslims will not go to hell for believing in a charlatan liar like Muhammad, but the jihadis will because of their crimes.

It is foolish to say the scholars of Islam do not answer me because they don't think I am important. FFI receives millions of visitors and thousands of people have left Islam and are leaving Islam thanks to the articles that our team has written. I am not seeking importance. This movement is not about me. Ignore me. But what about those millions of people who read our site? Shouldn't they know the truth? Everyone knows that the reason the scholars of Islam shy away from us is because they know they do not stand a chance. They are often demolished in the first round of the debate. It is their image and reputation that they try to save. It is not that we are super smart. I talk about myself. I am an ordinary person and despite the claims of my opponents, no more intelligent than the average Joe. I am winning all my debates, not because I am smarter than my opponents or have more knowledge, but because I speak the truth. When you speak the truth, you win always.

You deny being a coward. Of course, you are. You are a murderer who incites other fools to kill innocent people and when asked for reasons you hide in your rat hole and have none. You are afraid of the truth and censor any talk that exposes you as a brain dead terrorist that you are. You are afraid of words. I am not using guns and explosives. I am not threatening

to behead anyone. All I have in my arsenal are words. Words that speak the truth and you are afraid of them. You are like a vampire who is afraid of light. You can only strike in the darkness of the night and suck the blood of innocent people who are taken off guard. If you had courage you would publish this letter and respond to it in your site, but you deleted my last message. Why FFI has a free forum and we allow anyone to say anything they like? Because we know that we speak the truth and when you speak the truth you are not afraid of anyone or anything. Why no Muslims forum or country allows free speech? It is because they know that their lies cannot stand the devastating impact of the truth. Darkness can only exist where there is no light. That is why Muslims have to use threat and violence to silence those who speak against them. Truth always wins and it does not require violence to support it. I don't have to use violence to make people believe that $2+2=4$. I can prove this easily and even if you disagree, I am still right and don't give a damn. Why should I use violence if I am sure that what I say is true? But if I say something false and I am unable to prove it and desperate to make my views imposed, I will have to resort to violence and *qital* to make you submit to my lies.

The very fact that Muhammad did not enter in any dialogue with his opponents and instead of reasoning and logical arguments insulted them, called them blind, deaf, and dumb, is proof that he was a liar. He avoided their questions and never provided an answer. Instead, he said: *"As to those who reject Faith, it is the same to them whether thou warn them or do not warn them; they will not believe"* (Q.2.6)

The very fact that he resorted to violence is proof that he was not telling the truth. It is just damn stupid to believe in such a liar and mistake him for a prophet. Were his deeds divine? That man assassinated his critics. He robbed people in the middle of the night. He raided merchant caravans; he looted villages and towns and stole the herds of shepherds; he burned trees and

destroyed wells. He raped women after torturing to death their husbands. He massacred entire populations with false accusations. He broke all his treaties and lied anytime it suited him making God an accomplice to his crimes. Are these actions divine? How much foolishness is enough? Look how much wealth he accumulated in just ten years. He was poor when he came to Medina. He did not have enough food. In just few years he became the wealthiest man in Arabia. It was all stolen money. It was all loot gained by destroying lives.

If you are so stupid that you want to believe in such a criminal, that is up to you. God will not punish anyone for being stupid. But why do you want to kill innocent people for him? This will sure send you to hell. Muhammad is in hell. You will go there too. Don't be a fool. Don't kill people. God will forgive your ignorance and stupidity, but he won't forgive your crimes. You can't escape punishment for saying you were fooled by the lies of a conman. That excuse is not going to be accepted - neither in this world nor in the next.

I know you are not used to reasoning, but let us try it because on it hinges your afterlife. Let us say there is a God, a hell and a paradise. Now, Muhammad is either a prophet of God or he is not. Let us assume that he is. If you believe in him and do good work you will be admitted to paradise. God will never punish you for not being a jihadi and not killing the infidels. My grandmother was a Muslim who never hurt anyone in her life. She never killed the kuffar. She was not even unkind to them. Will she go to hell because she did not kill? Of course not! She is in paradise because she was a good woman. Otherwise God would be an unjust God. She was also a believer who never missed a prayer, if that is important. You can do the same. If you are a good person and a believer you will go to paradise without needing to kill anyone.

However, you want to go to paradise through a shortcut. You are a sinner and you know it. But you still want to go to paradise. So how can a sinner go to paradise? Muhammad said that there is a shortcut. All you have to do is to kill the kuffar and Allah will forgive all your sins.

What if Muhammad was a liar? Then you have committed a major sin. There is a chance that Muhammad was a liar.

- Did he give any proof that he is a prophet? No, he didn't.
- Did he live a saintly life like Jesus and Buddha? No, he didn't. In fact he lived a very pervert life and did everything that normally criminals do.
- Is his so called divine book flawless? No, there are many errors and absurdities in that book that we have pointed out and no Muslim has been able to refute.

So there is a chance that Muhammad was a liar. If you kill people because that liar said you will go to paradise, you will actually go to hell. Will you take that chance? He lied to you because he was the prophet of Satan.

If you have fornicated, have lied, have been disrespectful to your parents, have cheated and stolen, you have committed minor sins. God is loving and forgiving. He will not punish us for sins like these for eternity. Eventually he will forgive us. But will he forgive you if you commit major sins such as murder? No, he won't because that would be injustice to your victim.

Considering the above, it is foolish to kill people and do *qital*. The risk of going to hell outweighs all the pleasure that you may get having sex with virgins. If you want to go to paradise just be a good person. If you are too evil to be a good person and like to commit sin, you still have a chance of being forgiven for your sins because your sins are minor sins. But if you commit murder you have committed a major sin and you have doomed yourself to hell for eternity. Is it worth it? Even if the chance of

Muhammad being a liar is only 1% it is still not worth it. The truth is that the chance that that criminal was a liar is 100% and this I have proven exhaustively. It is just foolish to kill people and condemn your soul to eternal hell for a lie.

You accuse me of not having the courage of showing my face. I don't think you even understand the meaning of courage. First of all what you call courage is stupidity. Why a sane person should risk his life unnecessarily? You yourself have said that I should be beheaded. There are millions of zombies like you who also desire to behead me. Why in the world should I show my face to you and lose my liberty looking over my shoulders for the rest of my life? Why should I put my loved ones and those who care about me through sorrow and mourn over my death? Why should I sacrifice my life for the pleasure of scum bags worthless murderers like you?

I recall seeing a video clip of a guy in Savanna. He told his friend in the safari car to film him and went out of the car standing at a few meters from a lion that was lying there. The lion, in a split second, jumped on him and tore him into pieces, while his wife in the car was screaming and his friend recorded everything on film. Was this man courageous? No he was stupid. I do not confuse courage with stupidity.

I am courageous for daring to think, for using my brain and not letting a psychopath of the seventh century threaten me into submission and fool me with his lies. I am courageous for speaking out the truth and trying to help others to see it. I am courageous for standing against a 1400 years old establishment and its billion strong followers, each one of whom desirous to tear me into pieces. But I am not stupid to stand in front of savages and ferocious beasts like you that have abdicated their brain and blindly do the bidding of Satan.

Yes, I am courageous but not stupid while you are stupid and a coward. You are stupid for believing in a lie and not wanting to

check the credential of the man who tells you these ridiculous stories. You are stupid for thinking that God would reward you if you kill innocent people and can't use your brain to realize that if God wanted to kill anyone he would not need your help. You are stupid for not seeing that the deeds and the words of Muhammad are evil and proof enough that he was the prophet of Satan and not of God.

And you are a coward because you are afraid to face the truth. You are afraid to reason lest you find what you have been fed so far were nothing but lies. You are afraid of questioning because you fear the answers may awaken you and you realize you have been, not only wasting your life, but also committing major sins against God and humanity. You are a coward because you are afraid to face your conscience because you have blood on your hands and realizing that you have killed for a lie can be too painful. You are afraid to pull your bloody head out of the sand because you are afraid of the truth. The truth is that you have committed major sins. The truth is that you have become a slave of Satan and your final abode is hell. It is painful to wake up and face the truth. You are a coward and that is why you shun any discussion and like an animal want to win through *qital*. You know that you will be exposed as a liar and a fool in a battle of words where only reason has the chance of winning. You do not know what courage is. All you know is how to kill innocent people. There is no trace of humanity in you. You are only an animal.

Why do I come to your stupid or as you call it “ordinary” blog? It is because I care for human lives. I am not a presumptuous person. I do not consider myself a big shot or a super star and I do not keep my nose up in air. Jesus sat with sinners because he thought they needed salvation more. I consider Jesus a good man and I want to follow his footsteps, not the footsteps of a pervert murderer. So I come to the site of you sinners and converse with you in the hope of awakening someone there. If

only one wannabe terrorist starts thinking and decides not to kill people just in case I may be telling the truth, I have saved tens of lives. This is a major victory for me. I am calling upon your big ulemas to open their eyes and see the truth but I am also coming to you, the insignificant and ordinary sinners so haply you see your evil ways and repent.

You need to hear the truth more than anyone else. You put your fingers in your ears and avoid listening to the truth. I tricked you and made myself heard. Now you heard the truth and you have no excuse.

Those Muslims who believe in the lies of Muhammad but do not kill will be forgiven. Unlike the bogus Allah, God is not vengeful. The true God is forgiving. If people do not commit major sins he will forgive them even if they are misguided. But he will not forgive murderers and assassins, because that would be injustice to their victims and God is not unjust. I want to save you from hell, but more than you, I want to save the lives of innocent people who are going to be the victims of your stupidity and lust for sex. How disgusting of you that you are willing to kill and destroy lives for a bogus promise of screwing celestial whores. Is all these killings and murders, all the pains that you cause to countless lives, to please your dick? What a shameful belief you have. What a satanic minds you have. Your breath pollutes this planet.

You wrote: *“Those who are on the right path don’t make fun of the things, don’t abuse personalities.”*

What personality? Muhammad was devil incarnate. Why should anyone respect that evil being? Who said one is not allowed to speak out against the worst man ever born on this planet? We speak against Hitler, Stalin, Pol Pot, Kim Jung Ill and all other criminal psychopaths. Muhammad tops them all. Why should we not tell the truth about that fiend and wake up the fools such as you from their slumber?

If your maxim holds any truth, tell me why Muhammad maligned everyone else? Did he show any respect for the religion of the Quraish? Didn't he desecrate their temple and burn their gods? That was their belief. They held it sacrosanct. To them that was truth. If he had the right to do what he did because in his view they were wrong, then we have the right to tell the truth about that criminal and expose his lies because in our view he was a liar impostor and an evil man.

Muhammad did not respect even his own uncle who had his maid *Thueiba* suckle him when his own mother wouldn't. That ungrateful man made his bogus Allah to curse his own uncle. Isn't that foolish? Why would God want to curse anyone? Isn't he almighty? Can't he burn people if he so chooses? So why invoke evil on them? These are all giveaways. The very fact that Muhammad makes Allah curse one of his creatures shows Allah is not God. If I have power over you I will not curse you, I just mete you the punishment that you deserve. But if I have no power over you, all I can do is to invoke evil on you and curse you to feel better. Only a fool cannot see that Muhammad was a liar and Allah is not God.

Didn't Muhammad malign the sages of Mecca? Didn't he call Abul Hakam, a learned man whom his own people had named *Father of Wisdom* with the derogatory name of *Abu Jahl*, (Father of Ignorance?) First, take a look at the conduct of your own prophet before accusing others of misdemeanor.

Your stupidity and ignorance is glaringly obvious when you consider yourself and your fellow terrorists "victims" because the governments of the world are trying to hunt you down and bring you to justice. Are you really this stupid or you just pretend? The governments of the world are looking for you not because of what you believe but because of your crimes. You are murderers and assassins. Which government would let the murderers of innocent people walk freely? They are after you

because you have blood on your hand. It is because you have committed murder and incite to murder. No one gives a damn about your beliefs. On the other hand you want to behead those who simply have beliefs contrary to your demonic faith. You have lost your rational faculty to such an extent that you can no longer distinguish between truth and falsehood. You have sold your soul to demon and all you spew is ignorance and nonsense. You are not a victim but a monster. Victims are the children and the people that you murder.

So you think I am lying and you are telling the truth? Then publish this letter in your site and respond to it. Show your courage you coward. I know you are a coward because I know how much you fear the truth. You are afraid of words. Mere words frighten you. Is there any cowardice bigger than this?

Islam will be defeated and you will go to hell, but long after you and I are dead, these letters will be read and future generations will learn how the most evil doctrine of hate was eradicated. Teachers will tell their students not to be afraid of doubting the conventional wisdom because often it is wrong. Parents will tell their children not to be afraid of standing against the world because if they stand for the truth, the world will not be able to stand against them. Inspirational gurus will motivate their audiences by reminding them how a handful of ordinary people, no more gifted than the average guys in the street, with no funding and no support from any government, stood up against a major world religion and against all odds slew it. The advocates for non-violence will recall how through words alone spoken in truth, a small group overcame the biggest lie of history, with no arms and no bloodshed, and how we won over our enemies and converted them into friends and allies.

Mountains will move to make way for one who is determined. We are thousands of determined souls. Nothing can stop us. We have the truth on our side. We are courageous enough to look in

the eyes of Devil himself and defy him. We are motivated by the love of humanity. Our cause is noble. We want to see the unity of all human beings. We want to end this culture of hate and deceit. Fools call us hate mongers. They will be ashamed of themselves when we hoist the standard of victory in every land and victory is around the corner.
